From 1pm-2pm

Cancer—Early diagnosis
and referrals
during the pandemic

Are you delaying seeing the doctor, despite having some symptoms, because of the coronavirus (COVID-19)?

Are you concerned that a video/telephone consultation might not address your health needs?

Join us on 23rd of February to discuss early cancer diagnosis and GP referrals during the pandemic.

The meeting will be friendly and informal. You will also have the opportunity to feedback to Healthwatch Hackney on your recent experience of using health and care services in Hackney.

The meeting will be held using Zoom but **you can participate** without a computer, mobile or tablet **from your landline**.

You can send us questions in advance. This will help us find the answers you need.

Please click [here](#) to register or email kanariya@healthwatchhackney.co.uk for more details or to send questions

TALK TO US!

If you can't join us for the meeting but still have feedback to share, please get in touch.
We will be more than happy to listen to you.
