

The Reflective Practice Session

- Practice Away Day – we aim to have our first practice away day in 2022. It has been hard to organise over the past 18 months due to COVID but we would like to make this an annual event. It would be good to do in the Spring or Autumn when weather will hopefully allow us to do something outside but not too many people are away on their summer holidays.
- Fun run/physical health challenges/charity fundraisers – again, we would like to look in this for next year. Lilieth is looking into this for us.
- Big Team Challenge – we are going to do this. Katharine will let us know more details.
- Family picnic – we were planning to do this in September but very few people could attend. We will try again in the spring and give everyone more notice.
- Tea Trolley – Jennifer has done this a few times and it was wonderful. Very much appreciated. It will be hard to implement everyday but the plan is for reception to put the kettle on and offer a cuppa to anyone who wants it at 11am. We will also invest in a small fridge for milk in site 2 so that staff can make coffee in site 2 as well. We will try and do a tea trolley when we can!
- Bake-off Challenge – Aga and Anwara are going to organise this for October/November. We will hold on a Wednesday and hope as many people as possible will join in and make some yummy cakes!
- Bring-a-dish day – we thought we would do this every quarter. The next one will be in December for secret Santa!
- Christmas party/secret Santa – we are planning to do both this year. Details to follow.
- Employee of the month noticeboard/website update/appreciation board/daily appreciation/motivation mug – we thought it may be a bit much to try to do all of these. We thought best to stick to Greatix reporting and employee of the month as this is working really well. We will put this in our monthly newsletter as well.
